In "The Anarchist's Tool Chest," Chris writes to cut a bevel at the back ends of the dust seal to act as a stop when the lid is open. The bevel can break off with repeated use, so now, we cut these two sticks flush with the back edge of the lid's frame-and-panel assembly. The wall makes an excellent lid stay.

270 The Anarchist's Tool Chest | I love oilstones and used them for many years. They require no setup. You just squirt them and go. The oil helps you fight rust. They don't ask for as much constant maintenance. Price-wise, they are the cheapest of all sharp-ening systems. You will be hard-pressed to wear out a set of oil-stones in a lifetime.
