Historical animal trials. Animals, including insects, faced the possibility of criminal charges for several centuries across many parts of Europe. The earliest extant record of an animal trial is the execution of a pig in 1266 at Fontenay-aux-Roses. Such trials remained part of several legal systems until the 18th century.

Animal trial - Wikipedia

Visual effects (abbreviated VFX) is the process by which imagery is created or manipulated outside the context of a live action shot in filmmaking.The integration of live action footage and CG elements to create realistic imagery is called VFX. VFX involves the integration of live action footage (special effects) and generated imagery (digital or optics, animals or creatures which look ...

Visual effects - Wikipedia

Animal communication is the transfer of information from one or a group of animals (sender or senders) to one or more other animals (receiver or receivers) that affects the current or future behavior of the receivers. Information may be sent intentionally, as in a courtship display, or unintentionally, as in the transfer of scent from predator to prey.
