We've reached the final step of replacing bow string and cables on a Mathews Halon. Tie the nocking points, peep, and d-loops into the new string using the measurements you took prior to step one. Start with the nocking point, and once you have that done you can draw the bow to check the timing, making any adjustments needed.

### How much does 1 twist change the length of a bowstring

When they arrived, I made some calls to get the strings installed. The pro shop I called had previously given a quote to a buddy for \$150 to install the strings. When I called (and they are a Mathews dealer) they quoted \$100 and another \$50 for the tuning adjustments. Like it or not, that's a steep price to simply install strings and cables.
