Miracle in the Hills is the remarkable story of Doctor Sloop and his wife (also a doctor). Actually, I should say stories because the book is packed with stories of their education, of their meeting, of beginning their life in the hills, of year after year (over forty) among a people made remarkable and memorable by their love for them.

Miracle In The Hills

Dr. Sloop and her husband began their lifelong dedication to the mountain people when they rode horseback into the remote hill region of North Carolina in 1909. The conditions they encountered were shockingly primitive. The people had neither doctors, nor schools and were suspicious of medicine and "larnin'."
