Night lord sunset by Garon Whited is a sci-fi and fantasy read. Eric didn't ask to be a vampire. In fact, he didn't even believe in them. Then he hooks up with a hot babe, wakes up with a hangover, and bites his tongue with his own fangs. Which pretty much settles the question.

Sunset: Book One of the Nightlord Series Kindle Edition

This is a long book. I'm going to present that right off, because when I say long, I mean loooong. (The Kindle version is almost 700 pages). The prospect of starting a novel the length of "The Stand" (which I felt drug on forever) was daunting

at first, but I needn't
have worried.

"Nightlord: Sunset"
didn't feel 700 pages
long.
