By the mid-1970s, the term "urban" was making its debut in the music world live on air as the black New York radio DJ Frankie Crocker described the diverse music he was playing as "what's ...

Here's How 'Urban,' A Term Plagued By Racial Stereotypes ...
The venom that suffuses rap had little place in black popular culture—indeed, in black attitudes—before the 1960s. The hip-hop ethos can trace its genealogy to the emergence in that decade of a black ideology that equated black strength and authentic black identity with a militantly adversarial stance toward American society.

How Hip-Hop Holds Blacks Back | Reinforcing Stereotypes of ...
But Black artists say the industry still needs to address the systematic racial barriers that have been entrenched in country music for decades. Stereotypes that country music is just for white audiences, written by white songwriters, and sung by mostly white males are reinforced daily on country radio, playlists, label rosters and tour lineups.

African Americans may be scoring more substantial parts in film and television, but many continue to play roles that fuel stereotypes, such as thugs and maids.The prevalence of these parts reveals the importance of #OscarsSoWhite and how African Americans continue to struggle for quality roles on both the small and big screens, despite having won Academy Awards in acting, screenwriting, music ...

5 Common African American Stereotypes in TV and Film
Stereotypes of African Americans grew as a natural consequence of both scientific racism and legal challenges to both their personhood and citizenship. In the 1857 Supreme Court case, Dred Scott v. John F.A. Sandford , Chief Justice Roger B. Taney dismissed the humanness of those of African descent.

Popular and Pervasive Stereotypes of African Americans ...
Black artists say the country music industry still needs to do the hard work of addressing the systematic racial barriers that have been entrenched in country music for decades. The genre has historically been marketed to white audiences and reinforced white male artist stereotypes.

Country music reckons with racial stereotypes and its future
Crocker et al. (1991) showed that when black participants were evaluated by a white person who was aware of their race, black subjects mistrusted the feedback, attributing negative feedback to the evaluator's stereotypes and positive feedback to the evaluator's desire to appear unbiased. When the black participants' race was unknown to the ...
