Street Photography : Creative Vision Behind the Lens » GFxtra

Whether street photography depicts reality or not can be disputed, but I would argue that it depicts the reality of the photographer. An effective way to understand street photography is to look at the work of great street photographers, to see how it varies for each of them, and to try to understand what they were aiming to portray.

Street Photography: A Complete Guide for Beginners and ...

The show of 45 photographs focuses on street photography made in the NYC from the 1940s and 1950s and includes work from the 1980s through to 1990 that has never been on public view. His street portraits in the gritty, urban environment often show a moment of introspection or contemplation.
